

Editorial

Dear Readers/ Research Scholars,

The month of December has a significant importance in the history of renowned and world famous Indian Mathematicians. The famous legend of number theory late Srinivasa Ramanujan was born in this month. He was born on 22nd December 1887A.D. He was a born scholar in the field of mathematics. While studying at high school level itself, he used to teach mathematics to higher classes. He proved his mettle in the field of mathematical research. G.H. Hardy, a Cambridge Professor of England encouraged him in later days. Srinivasa Ramanujan is considered as one of the great masters of Mathematics. Even though he died at the early age of 32, he contributed a lot to the field of Mathematics. His working notebooks contained so many unsolved problems on which much research work was done afterwards.

In this connection “IJSIMR” feels happy that it also published some of his unsolved elementary problems solved by Prof.N.Ch.Pattabhi Ramacharyulu, Retired Professor, N.I.T. Warangal under the Special feature “Ingenuity of Sri Srinivasa Ramanujan”. Really I feel it as a great fortune to bring this special feature under my editorship.

Let us pay our tributes to that great soul and get inspiration from his zeal of Mathematical Research.

As an Editor-in-Chief, it is my responsibility to put before you the salient features of IJSIMR.

- ❖ Blind peer reviewed journal.
- ❖ Eminent and great scholars in IJSIMR-Editorial Board from throughout the world
- ❖ Prompt and rapid response to the authors according to the schedule.
- ❖ Simple and standard Template.
- ❖ Free English Language assistance from Academician's Research Center.
- ❖ Online and print versions in two formats (e-journal and Print) with reasonable cost.
- ❖ Issuing the soft copy of Certificate of Publication to each Author with free of cost.

Finally I will be more happy, if you inform about IJSIMR to your Friends/Students/ Colleagues/Associates and Fellow Researchers who may utilize this opportunity as a platform for their new research inventions.

With Best Regards
Dr.K.V.L.N.Acharyulu
Editor-In-Chief
IJSIMR
